

Contractor's Qualification Statement

2025

For use in evaluating the qualifications of contractors

www.WesternSpecialtyContractors.com

A Message from our CEO

As Western embraces the future with excitement and prodigious growth, we are honored to celebrate a century of successful projects and dedicated relationships with our clients and colleagues. All made possible by our committed employees and expert personnel - the backbone of our organization - for helping Western achieve nationwide recognition for its outstanding service and quality workmanship. Maintaining a steadfast focus on integrity, safety and family values for 110 years is our biggest accomplishment, and today, continues to be our enduring foundation.

I would like to thank the entire Western team for their dedication and commitment, and to our clients and colleagues for their committed support and confidence over the past 110 years and into the next century.

Ben Bishop, Jr.
CEO/Chairman of the Board

Western will continue to improve upon our industry recognition as a leading specialty contractor. Our integrity and commitment to delivering valuable services by skilled and motivated employees in a safe manner will drive our success.

Our mission is to provide effective services that protect, restore and maintain buildings and structures throughout the United States.

Contractor's Qualification Statement

This document addresses the questions required by the 1986 American Institute of Architects Document A305 "Contractor's Qualification Statement" for use in evaluating the qualifications of contractors. Additional data with respect to Western Construction Group, Inc. and its safety program, employment practices, insurance, and certain general information regarding company operations is also included. For additional information please contact our local representative by visiting our website at www.WesternGroup.com.

Since our founding in 1915, the family-owned Company has grown to become the nation's largest contractor in its specialty field. * With 30+ wholly-owned branches working throughout the country, the Company specializes in masonry and concrete restoration as well as preventive waterproofing of buildings and structures.

Quality Control Policy

The Company has an active and continuing program for quality assurance and control. Quality is defined as conformation to requirements/specifications.

The first line of responsibility lies with our job foreman, a trained and experienced craftsman. All workmanship and all materials must meet his/her high professional standards. Regular visits by our branch superintendent reinforce the foreman's insistence on top-of-the-line performance. Job site inspections are also conducted by area managers

and, on occasion, by Corporate officers.

Closely allied to our Quality Control Program is our Safety/Loss Control Program which meets (or exceeds) all federal and state safety rules. A copy of our Loss Control Manual is available for inspection.

All levels of Company management are trained to demand quality performance and quality materials and conformity with all governmental agency rules relating to safety and environmental protection.

* The 2024 Engineering News Record magazine ranked the Company 132nd of the top 600 specialty contractors in the U.S. ranked by volume (#1 in masonry). For the past 16 years the Company has provided between \$ 133 and \$ 321 million annually in specialty contractor services throughout the United States.

Contractor's Qualification Statement

The Undersigned certifies under oath that the information provided herein is true and sufficiently complete so as not to be misleading.

1.0 ORGANIZATION

- 1.1 How many years has your organization been in business as a Contractor?
Continuously since 1915
- 1.2 How many years has your organization been in business under its present business name? **Continuously since 1915**
- 1.2.1 Under what other or former names has your organization operated? **None**
- 1.3 If your organization is a corporation, answer the following:
- 1.3.1 Date of incorporation: **July 7, 1975**
- 1.3.2 State of incorporation: **Missouri**
- 1.3.3 Chief Executive Officer: **Benjamin M. Bishop, Jr., Chairman of the Board**
- 1.3.4 Chief Operating Officer: **Tom Brooks**
- 1.3.5 Director: **Michael R. Bishop**
- 1.3.6 Vice President: **Paul C. Gillstrom, Chief Financial Officer**
- 1.3.7 Chief Human Resources Officer: **Bradley Johnson**
- 1.3.8 General Counsel/Secretary: **Jennifer V. Ballengee, Esq.**
- 1.3.9 Treasurer/Assistant Secretary: **Timothy F. Diehl**
- 1.4 If your organization is a partnership, answer the following: **Not applicable**
- 1.4.1 Date of organization
- 1.4.2 Type of partnership (if applicable):
- 1.4.3 Name (s) of general partnership (s):
- 1.5 If your organization is individually owned, answer the following: **Not applicable**
- 1.5.1 Date of organization:
- 1.5.2 Name of owner:
- 1.6 If the form of your organization is other than those listed above, describe it and name the principals: **Not applicable, See Exhibit J**

2.0 LICENSING

- 2.1 List jurisdictions and trade categories in which your organization is legally qualified to do business, and indicate registration or license numbers, if applicable.

See Exhibit K

Western Construction Group, Inc. or one of its affiliates is legally qualified to do business in 50 states and the District of Columbia and is currently licensed in those states and municipalities where required.

- 2.2 List jurisdictions in which your organization's partnership or trade name is filed.

Trade names of affiliates are registered where offices using those names are located or regularly do business. Further information is available upon request from the Corporate Secretary, Ms. Jennifer Ballengee, 314•427•6733, Ext 8130, or email JenniferB@WesternGroup.com.

3.0 EXPERIENCE

- 3.1 List the categories of work that your organization normally performs with its own forces. **Waterproofing, special coatings/membranes, facade restoration, concrete restoration, epoxy injection, roofing, flooring, EIFS restoration, etc.**

Generally, 90% of work is performed with our own forces.

- 3.2 Claims and Suits. (If the answer to any of the questions below is yes, please attach details.)

3.2.1 Has your organization ever failed to complete any work awarded to it? **No**

3.2.2 Are there any judgments, claims, arbitration proceedings or suits pending or outstanding against your organization or its officers?
Corporation - See Exhibit A; Officers - No

3.2.3 Has your organization filed any lawsuits or requested arbitration with regard to construction contracts within the last five years?
Corporation - See Exhibit A

- 3.3 Within the last five years, has any officer or principal of your organization ever been an officer or principal of another organization when it failed to complete a construction contract? (If the answer is yes, please attach details.) **No**

- 3.4 On a separate sheet, list major construction projects your organization has in progress, giving the name of project, owner, architect, contract amount, percent complete and scheduled completion date. **See Exhibit B**

3.4.1 State total worth of work in progress and under contract:
December 31 backlog, Western Construction Group, Inc. and subsidiaries \$ 144.2 million.

3.5 On a separate sheet, list the major projects your organization has completed in the past five years, giving the name of the project, owner, architect, contract amount, date of completion and percentage of the cost of work performed with your own forces.

See Exhibit C - Since 1915 Western Construction Group, Inc. or one of its affiliates have successfully worked on thousands of structures for our customers in all 50 states. Each year the company completes several thousand contracts.

3.5.1 State the average annual amount of construction work performed during the past five years: **Western Construction Group, Inc. and subsidiaries \$ 282.1 million**

3.6 On a separate sheet, list the construction experience and present commitments of the key individuals of your organization. **See Exhibit D**

4.0 REFERENCES

4.1 Trade References: **See Exhibit E**

4.2 Bank References:

UMB Bank St. Louis, Missouri Customer Since: 1998
U. S. Bank St. Louis, Missouri Customer Since: 1932

- 5.1.4 If not, explain the relationship and financial responsibility of the organization whose financial statement is provided (e.g., parent, subsidiary.) **See Exhibit I**

6.0 SAFETY AND ENVIRONMENTAL PROGRAM

6.1 Safety Organization

The Company has a serious commitment to safety and a commendable record. Our written safety program is in the form of the Corporate Loss Control Policy Manual, which is used by management and available to all employees. (A copy of this manual is available upon request.)

Western has a Corporate Safety Director and four corporate safety professionals who have a combined experience of over 115 years. The safety team provides safety support to all branches and projects. The Company's Loss Control Policy is continually reviewed and updated by the Safety Advisory Committee, which comprises the safety department and representatives selected from each operating region.

Branch Managers and supervisors are evaluated heavily on their safety record.

6.2 Training of Employees

Western has created a structured and standardized training program for our safety training employees. These training programs are specific to job task safety, OSHA training, and other safety and health topics.

Western conducts OSHA 30-hour and leadership safety training for all field supervision. Every field employee is provided with an Accident Prevention Manual (Employee Handbook) to reference work rules. All new hire employees are teamed up with experienced employees for 2 months to acclimate them to the safety program and culture. Employees participating in this process complete a survey about their experience during this 2 month period.

6.3 Accident Statistics

A summary of safety performance results and trend analysis are provided to the branches each month. At the end of the calendar year, the OSHA Summary of Injuries and Illnesses report is prepared for each branch, and statistics are summarized for the operating regions and corporation. The corporate totals for 2024 were:

	Corporate Total	OSHA Incidence Rate	Industry Standard
Lost Workday Cases	6	.48*	1.2
Total Cases	13	1.05*	2.8

(Based on approximately 2.5 million corporate hours worked)
*Lower scores indicate better performance

6.4 Safety Incentives

Incentives for management personnel are provided through compensation. The management team is graded on reaching specific responsibilities and activities. We have a Safety Award Program for branch offices and employees who reach certain safety benchmarks.

Other safety awards include:

- Field Employee Safety Recognition
- 100% Completion of Safety Audits
- Zero Recordable Injury Branch
- Robert W. Pritchard Award for Outstanding Safety Performance (started in 1993).

6.5 Safety Meetings

Safety meetings and training are conducted for all employees when a new job is set up, and the Site-Specific Safety Plan is reviewed. Daily Pre Task Planning, Weekly toolbox meetings and monthly branch meetings are also held. A formal RCA Root Cause Analysis process and meeting is completed for all OSHA recordable injuries and IDLH near miss incidents. Branch managers are accountable for the completion of all branch safety meetings.

6.6 Job Inspections

Project Safety Audits are completed by all levels of management: Foremen, Superintendents, PM's, and Branch Managers. Regional Safety Managers also conduct project inspections and provide a debriefing review of their observations in the field. This meeting highlights areas of compliance and actions items to improve.

6.7 Partnerships

The Company is a proud member of the St. Louis Construction OSHA Partnership. This strategic partnership with OSHA and other leaders in the construction industry has allowed Western to remain at the forefront of job site safety.

6.8 Substance Abuse Program

The Company prohibits reporting for work while under the influence of alcohol or mind-altering drugs, or consuming alcoholic beverages or drugs during the workday. Violation of this Company Safety Rule is grounds for immediate dismissal.

A Drug-Free Workplace Policy is in place. Where permitted by the collective bargaining agreements and various state and local laws, this policy is enforced through drug testing, including random testing. (A sample of our Drug-Free Workplace Policy Summary is available upon request.)

6.9 Experience Modification Rates (EMR) - Workers' Compensation

Our Interstate Experience Modification Rates are as follows:

Period	Interstate
2024/2025	0.69
2023/2024	0.80
2022/2023	0.68
2021/2022	0.75
2020/2021	0.71
2019/2020	0.65
2018/2019	0.61
2017/2018	0.81
2016/2017	0.80
2015/2016	0.76

For additional information, please contact Ms. Alex Nuccio at 314•427•1637 ext. 8168, or send an email to AlexN@WesternGroup.com.

6.10 Environmental Policy

The Company strives to provide services that do not result in generating or releasing of materials that could impact the environment. To achieve our objectives, Western management commits to:

Purchasing and using products and materials that are not hazardous to the environment, and seeking to reduce the emission of any volatile organic compounds and other elements that are harmful to the environment.

1. Continue environmental performance evaluations and testing samples on job sites, including measurement and monitoring, through:
 - Safety Department Trainers
 - Insurance Loss Control Representatives
 - Industrial Hygienists/Consultants
2. Providing an orientation and ongoing training for all field employees that include:
 - Objective of the policy
 - Participation in education awareness
 - Recognition and reduction or elimination of environmental exposures
 - Safe installation and disposal programs
 - Compliance with all federal, state and local environmental laws and regulations
 - Emergency action instructions
3. Continue to research and evaluate state-of-the-art equipment and processes, including dust control and fume control for hazardous materials.

7.0 PEOPLE PRACTICES SUMMARY

7.1 Training

We offer employees tailored training and development opportunities to advance their skills and knowledge in the areas of safety, customer service, leadership development, management, productivity, and other key areas that relate to the business and our targeted customers.

Each year we invest more than \$1.2m - \$1.4m training and developing our employees. As a result, the training provides our employees with career path opportunities for growth and advancement, thus supporting our corporate goal of organic growth.

7.2 Organizational Structure

Western Construction Group, Inc. regularly does business in more than 35 states regularly and operates from 30+ branch offices. Each branch office is managed by a Branch Manager, leading a team that consists of salespeople, project managers, superintendents, administrators, and craft workers. The number of craft workers at each office fluctuates throughout the year, due to weather conditions and workload.

The branch offices are grouped, primarily by geographical location, into regions, with Branch Managers reporting to a Region Manager. In turn, the Region Managers report directly to a Vice President of Operations.

The branch and region offices are supported by corporate services provided by the St. Louis Home Office, which includes professionals trained in Quality Assurance, Enterprise Risk Management, Insurance, Safety and Loss Prevention, Claims & Benefits, Treasury, Accounting & Financial, Legal, National Accounts, Marketing, Business Development, Human Resources, Recruiting, Contract Administration, Surety Bonding, Training, Technology, and Tax & License.

7.3 Recruiting and Career Development

Each year Western representatives participate in recruiting events at both State and privately funded universities with notable programs in Construction Management and Engineering. Western utilizes these events to recruit for both internships and full-time positions. By using this resource, we are ensuring that the Company is building a well-qualified pipeline of candidates to further Company objectives and facilitate future growth. Western also utilizes a variety of recruitment resources both locally and nationally through Internet job boards, trade associations and a strong recruiter network.

7.4 Average Number of Employees

	Administrative	Craft Workers
Western Specialty Contractors	176	683
Western Specialty Contractors of America	69	332
Western Construction Group, Inc.	49	0
	294	1,015

7.5 Equal Employment Opportunity & Affirmative Action Policy Statement

Western Construction Group, Inc. and its member companies (Western) are equal opportunity employers and will not discriminate in hiring, promotion, training, pay, benefits or other terms and conditions of employment on the basis of an individual's race, religion, creed, color, age, sex, sexual orientation, national origin, marital status, disability, veteran status, citizenship status or any other impermissible factor. It is the responsibility of every manager, supervisor and employee to ensure that discrimination on the basis of any impermissible factor does not occur in the workplace.

Western will comply with applicable federal, state and local laws requiring reasonable accommodation of a disability. If you believe you require accommodation, please notify Bradley Johnson, Chief Human Resources Officer at 314•715•3514.

Consistent with our strong commitment to providing equal employment opportunity, Western will also take affirmative action as appropriate to promote diversity in the workforce and to ensure that all employment practices are free of discrimination because of race, color, religion, sex, national original, age, disability, veteran status or any other protected factor. We will maintain and comply with an Affirmative Action Plan and commit resources to achieving the goals of the Plan. We will take steps to inform recruitment resources and Western's hiring manager that: 1) Western is an Equal Opportunity Employer and 2) Qualified persons must not be denied an opportunity to apply for available positions on the basis of any protected factor.

Western is committed to providing a work environment that is free of harassment toward any person and in any form. Sexual harassment or harassment based on an individual's race, religion, creed, color, age, sex, sexual orientation, national origin, marital status, disability, veteran status, citizen status or any other impermissible factors is a form of illegal discrimination and will not be tolerated by the Company. The prohibition against harassment of employees includes improper harassment in the workplace by another employee or employees and/or by third parties (vendors, customers, visitors and others at the work site).

The companies file the EEO-1 annually. For additional information please contact Bradley Johnson at 314•715•3514, or send an email to BradleyJ@WesternGroup.com.

8.0 INSURANCE

The Company maintains Workers' Compensation, Commercial General Liability, Automobile Liability, Excess Liability, Property and other insurance that routinely meets or exceeds our customers' specifications. The insurance is placed with Travelers and other large national, financially strong carriers through Arthur J. Gallagher & Co, one of the world's largest insurance brokers. The Company has been insured by Travelers (or its predecessor) since 1983. For additional information, please contact Ms. Alex Nuccio at 314•427•1637, extension 8168, or send an email to ERM@WesternGroup.com.

9.0 CLIENT CONSTRUCTION SERVICES

Since 1915, the Company has grown to become the nation’s leading specialty contractor and earned a reputation as America’s master craftsmen in building restoration and preservation. The Company has the privilege of serving a customer base of over 12,000 organizations. Each year the Company’s 31 branch offices successfully complete for its customers over 4,700 contracts and service jobs aggregating over \$304 million. The Company strives to perform the same level of excellent service for its under \$20,000 several week assignments as it does with its multi-million dollar projects lasting several years. Extensive customer satisfaction surveying since 1995 continues to reflect the Company’s high performance relative to Customer Service and Quality Workmanship. Surveys indicate nearly 100% of our customers would choose us again.

The Company is known for its restoration of historical structures and significant community buildings, stadium facilities, all types of concrete and facade restoration, parking decks, plazas, roofs, and grain elevators. For existing structures, the Company provides restoration and remedial waterproofing, epoxy injection, tuckpointing, caulking, cleaning, coating, and sealers. For new structures, the Company provides preventive waterproofing. The work of Western has meant not only the preservation of America’s most significant buildings and structures, but replacement savings in the billions of dollars.

The Company’s commercial specialty services include:

Above & Below Grade Waterproofing	Exterior Wall Coatings	Post Tension Repair
Architectural Sheet Metal	EIFS Restoration	Repointing
Building Cleaning	Facade Restoration	Roofing
Caulking & Sealing	Parking Deck Restoration	Stadium Restoration & Waterproofing
Chemical Grout	Pedestrian & Vehicular Traffic Systems	Tank & Vessel Insulation
Damp proofing	Plaza Deck Restoration & Waterproofing	Tuckpointing
Epoxy Injection	Polyurea Coatings	
Expansion Joint Systems	Polyurethane Foam & Coatings

There are publications that available for download by scanning the QR Code to the right.

9.2 Customer Advantages

Western Construction Group, Inc. is proud to offer its customers:

LONGEVITY: 100+ Years of Service.

REPUTATION: Our expertise in multiple construction areas is well known. Our guarantee is our Word and our Reputation.

PEOPLE: Western has the people to do the work right, with more than 1,100 skilled employees. Many second and third generation families are part of this proud legacy.

SIZE: We are the nation's largest specialty contractor in this field.

FINANCIAL RESOURCES: We have bonding capability and a responsive insurance program.

SAFETY: We are committed to the highest standards of safety, expert workmanship and have a proven program to help assure it. We have an Interstate EMR rating of 0.69.

GENERAL/SPECIALTY SUB-CONTRACTING CAPABILITY: We are able to perform general contracting or specialty sub-contracting work with our own craftsmen, insuring quality control and customer satisfaction. This alone, sets us apart from our competition.

My Commission Expires: 11-17-25

To Whom It May Concern:

Re: Litigation of Western Construction Group, Inc.

Western Construction Group, Inc. (“Western”), in response to questions 3.2.2 and 3.2.3 on the Contractor’s Prequalification Statement, states as follows:

Western and its affiliates, (collectively the “Companies”) do business nationwide on a regular basis and operate out of branch offices in more than thirty plus cities. The Companies are involved in litigation in various jurisdictions arising out of the ordinary course of their business.

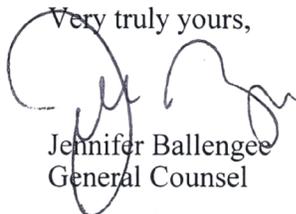

All litigation involving claims against the Companies are actively defended by the Companies or their insurance carrier. Settlements are entered into when appropriate in the business judgment of management. Neither the existence of this litigation, individually or collectively, will affect Western’s ability to perform obligations under any contracts for which this statement is submitted. Furthermore, the claims involve amounts, which, even in the event of an unfavorable outcome, would not adversely effect Western’s ability to perform such obligations. There are no liens, judgments or garnishments pending against the Company.

Litigation or arbitration with regard to Construction Contracts instituted by the Companies during the past five years is infrequent, has been for collection of amounts owed for work performed, and is within the ordinary course of the Companies business.

All matters in litigation are reviewed annually with the Companies outside auditors, Rubin Brown LLP, as part of its annual audit of the Companies financial statements.

If additional information is needed, a request stating what information is needed and the reason should be sent to the attention of the undersigned.

Very truly yours,

Jennifer Ballengee
General Counsel

Dun & Bradstreet Rating

The Dun & Bradstreet rating is a widely used tool that represents a firm’s size and composite credit appraisal. Western Construction Group, Inc. and its subsidiaries are currently rated “4A-2” by Dun & Bradstreet. As illustrated below, the “4A” represents financial strength (net worth) between \$ 10 to \$ 50 million. The credit appraisal rating of “2” translates to a “good” credit rating. Western Construction Group, Inc.’s Dun & Bradstreet number is **161091111**

Dun & Bradstreet Rating Key

Rating Classification (Based on Net Worth)				Composite Credit Appraisal			
				High	Good	Fair	Limited
5A	50,000,000	and over		1	2	3	4
4A	10,000,000	to	49,999,999	1	2	3	4
3A	1,000,000	to	9,999,999	1	2	3	4
2A	750,000	to	999,999	1	2	3	4
1A	500,000	to	749,000	1	2	3	4
BA	300,000	to	499,999	1	2	3	4
BB	200,000	to	299,999	1	2	3	4
CB	125,000	to	199,999	1	2	3	4
CC	75,000	to	124,999	1	2	3	4
DC	50,000	to	74,999	1	2	3	4
DD	35,000	to	49,999	1	2	3	4
EE	20,000	to	34,999	1	2	3	4
FF	10,000	to	19,999	1	2	3	4
GG	5,000	to	9,999	1	2	3	4
HH	up to		4,999	1	2	3	4
